WHO ARE WE?

■ **PGS** (Penitus Global Solutions) is an SAP services and SAP BusinessObjects partner headquartered in Miami, Florida. It has seven offices located in four countries in the Americas region and one outside of the Americas (United States, Mexico, Ecuador, Colombia and India).

■ **PGS** is a software solution provider with a primary focus on SAP technologies. PGS focuses on Portfolio and Project Management (PPM), Product Lifecycle Management (PLM), Enterprise Resource Planning systems and SAP NetWeaver implementations, shared system integrations, and comprehensive application development.

■ **PGS** consists of three divisions – business services, technology services and PGS University - that work together to provide the highest quality of services to its customers. We currently work with SAP pre-sales teams in the Americas to provide product overview and briefings, as well as POC (Proof of Concept) for prospective customers.

■ **PGS** has excellent client references that testify to its many successful Implementations in the Public and Private sectors. Good relationship with our client is our main initiative and priority.

■ **PGS** is able to provide a complete SAP solution. This is hugely possible because we have both SAP Channel and Services Partner certifications. Hence, this enables PGS to provide its clients with unique SAP business solution implementations.

■ **PGS** is a team-oriented professional environment that offers innovative and creative solutions, designed specifically to meet our customer needs. As part of our superior quality, we offer extensive experience in providing consulting and implementation services.
